How to Make the Best Plum Jam
Real Tart Plum Flavor Easily Preserved
By Ann Proctor

The finest plum jam you ever tasted—check full of the natural color and flavor—can be made at home within ten minutes after the plums are sliced and crushed. I like the "Certo Process" as I can use ripe plums and because it takes only one minute's boiling, thus saving flavor and color; it never fails, and is cheaper because I get two-thirds more jam from the same amount of plums.

The "Certo Process" for making plum jam is very simple: Use fully ripened fruit for finest flavor; slice, pit and crush well about 2 qts. or 2½ lbs. of plums. Measure 4 level cups (2 lbs.) crushed fruit and ¼ cup water into a large kettle, stir until boiling, cover kettle and simmer 15 minutes. Add 2½ leveled cups (¾ lbs.) sugar and mix well. Stir hard and constantly and bring to vigorous boil over hottest fire. Boil hard 1 minute with continual stirring. Take from fire, add ¼ bottle (scant ½ cup) Certo and stir it in well. Skim and pour quickly into sterilized glasses.

By this short "Certo Process" you save all the color and flavor that are boiled away by the old method. Time and worry are also saved and you have 5 pounds of jam from 2½ pounds of plums as compared to 3 pounds of jam by the old method.

The above recipe and nearly 100 others for making delicious jellies and jams by the "Certo Process" are found in the Certo Book of Recipes, a copy of which will be given to you by your grocer or druggist when you get Certo. Extra copies will be sent free if you write to the Pectin Sales Company, 129 East Avenue, Rochester, N. Y.

Use Certo this year in making all your jams and jellies. It saves time, worry and boiling. The "Certo Process" never fails and saves money, because you make half as much more jam from the same amount of fruit. Certo-made jams and jellies have perfect keeping qualities.

If your grocer or druggist does not have Certo, please call Mr. Leo Knott at Main 5000 to learn where to obtain it.

Fish Souffle With White Sauce.

Remove all the skin and bone from one-half pound of cold cooked fish, then chop the fish and rub it through a sieve. Melt two tablespoonsful of butter, add the fish and one cup of cold boiled rice. Two hard-boiled eggs, one teaspoonful of lemon juice and salt and red pepper to taste, and then mix well together the yolks and the whites of ten eggs and beat up the yolks, then stir them into the mixture, adding enough milk to make the whole the consistency of good cream. Whisk the whites of the eggs to a stiff froth and stir the whites lightly into the mixture. Butter a plain round mold and tie a band of paper round it, coming two inches above the top of the tin. Pour the mixture into the tin and place the tin in a pan of boiling water to come half way up. Put a piece of butter paper over the top and steam very gently for two hours. Turn out onto a hot dish and pour over it some good white sauce. Serve at once.

Lobster Salad.

Cut the meat of two small lobsters into small pieces and add a little of the fat and coral. Then season with salt and pepper and pour over enough mayonnaise dressing to moisten well. Put in the middle of a platter and garnish with lettuce leaves, pour over the remainder of the dressing and put slices of boiled egg and olives over the top.

ITCHING BURNING RASH ON HEAD

Developed Into Eruptions. Hair Lifeless and Dry. Cuticura Heals.

"A rash broke out on the top of my head which later developed into sore eruptions. The itching and burning caused me to scratch. My hair was lifeless and dry, and began to fall out. Some nights the irritation was so great that I lost sleep."

"The trouble lasted about two months. I read an advertisement for Cuticura Soap and Ointment and bought some and I was healed."

(Signed) Mrs. Blanche Stone, 420 Alvasia St., Henderson, Ky.

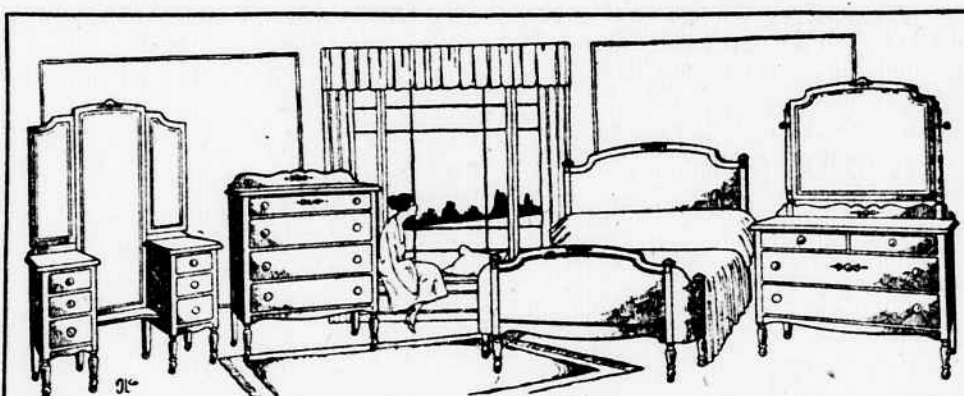

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for perfuming.
